
JX-10 And MKS-70 Patches/Tones List
JX10_MKS70_Collection-C.zip

A collection of 448 Patches and 350 Tones.....

This list was compiled from a collection of patches and tones from STEFB and two miscellaneous files gleaned from the Internet.

The patch and tone files inside this ZIP are;

MKSVLAN1.SYX	MKSOB.SYX	MKSTHO.SYX	MKSVARY.SYX
MKSRENE.SYX	KNUT.SYX	SUPERJX.SYX	

These are regular SysEx MIDI Bulk Dump files and will work with either Mac or Windows. To load any of these M-64C patch banks into a JX-10 or MKS-70, use any generic SysEx loader program for Mac or Windows.

All of these files have been incorporated into a ZIP file called *JX10 MKS70_Collection-C.zip* and have recently been uploaded to the "Patches" page at the;

SUPER JX-10 and MKS-70 SYNTHESIZER HOMEPAGE
